| School News       | <p>This year the main focus for the staff at Stoke Fleming has been the development of our curriculum for the pupils. This began with reviewing and renewing our vision, values and mission which underpin all of the work we do, they are:</p> <p><b>Our vision:</b> Set sail in the world...</p> <p><b>Our Values:</b> Considerate, Confident, Creative and Cultured.</p> <p><b>Our mission:</b> Our 'uncharted curriculum' inspires everyone to explore, dream and discover the world around us.</p> <p>These are designed to reflect our surroundings by the coast whilst inspiring the children to explore the world around them. Working closely with local schools, Dartmouth and Kingswear, the staff have been able to share ideas and planning to create wonderful experiences for the children with joint trips, new links and even a baking competition. This will continue to develop and grow over the coming terms ahead.</p> |   |   |
| Local community   | This year the school has continued to work with many groups in the local community.  |   |   |
